

Your advantages when registering online

- All child day care facilities and child day care workers in the municipality Bremen at a glance as well as differentiated information on their offers
- Selection according to individual criteria, e.g. type of care, educational concept, age group, etc.
- One registration for up to three desired facilities
- Just enter it once: the relevant data is sent to the facilities via the daycare portal and the daycare contribution service (Kitabeitragservice) is transmitted, which will save you time on filling out documents.

Get to know your preferred facility personally.

Personal contact with parents is important to many institutions and child day care workers, therefore you have the possibility of contacting them.

That way you can get to know the possible child-care place as well as the caregivers in advance. Please don't forget to make an appointment!

Further questions? We would like to help you!
Use the parent service hotline at the Senator for Children and Education.

- + day care
- + after-school care

KITAPORTAL.BREMEN.DE

Dear parents,

We would like to make it easier for you to find a childcare place for your child, which is why the new daycare portal of the city of Bremen starts now. The portal offers you an overview of all the day care centres in Bremen. These include cribs, daycare centres, after-school care centres and the services offered by child day care providers.

Lots of useful information on the various facilities support your search for a suitable childcare place for your family. Once you have found suitable offers, you can conveniently register your child for up to three centres.

All steps up to the completion of the contract can be viewed and tracked on the daycare portal.

The online registration has another big advantage:

The educational staff in your centre now has more time for your child because a lot of the administrative work does not apply anymore.

So that this benefit can unfold fully, written registrations are still possible, but should be the absolute exception.

We wish your family a great start into daycare life!

Step 1:
Finding a spot

- Find out about childcare offers for children in Bremen online at any time.
- Find an offer based on your family's needs.
- Various search criteria, e.g. the desired scope of care or special educational concepts, are making it easier for you to find a place.

Step 2:
Choose a spot

- Choose up to three preferred facilities or child day care workers.
- When selecting the care options, you can indicate points that are particularly important to you, for example
 - + sibling in the facility
 - + Proximity to work or place of residence
 - + Educational concept

Step 3:
Registration

- Complete the registration directly online.
- Your data will be forwarded to the daycare centers / day care workers.
- You can check the status of your registration online at any time.
- The registration is initially non-binding! The decision on the allocation of a childcare place is made by the institution or child day care worker in accordance with the law established criteria

Step 4
Your contract

- If you receive a confirmation for a childcare place, you will be informed via your account.
- Get in touch with the facility / child day care worker within the acceptance period- otherwise the space will be forfeited!
- sign the contract with the daycare centre

**Caution! You need the new child ID to register online. If you do not have this, request it from:
tagesbetreuung@kinder.bremen.de**
